

## This foreclosure solution costs taxpayers NOTHING.

Over 6,600 American families a day are losing their homes to foreclosure.

**In the next five years, over 8,000,000 American family homes  
will be lost to foreclosure, unless we do something now.**

If we don't, the value of all of our homes will keep going down and our neighborhoods will suffer.

### DON'T LET THE BANKS BLOCK THIS *NO-COST* ACTION TO SAVE FAMILY HOMES AND OUR COMMUNITIES AND HELP RESTORE OUR NATION'S ECONOMY

Our Senators have the opportunity to pass legislation that would allow courts to change bad mortgages so struggling homeowners can save their homes from foreclosure. The result? Fewer foreclosures and more stable home prices for all of us.
